Values represent estimated replacement values, the average current market price at which the same or comparable merchandise may be purchased in the average fine jewellery store. Jewellery appraisal and evaluation is subjective and estimates may vary. Values are based on the appraiser's judgement and are made to the best of the appraiser's belief and experience. The information contained in this report represents the opinion of European Jewellery regarding the characteristics and value of the goods at the time of examination. We assume no liability with respect to any action that may be taken on the basis of appraisal. The appraiser is not required to testimony or attendance in court by reason of this appraisal unless other arrangements have previously been made.
